BIOGRAPHY : KHATHUTSHELO A. TSHIKOLOMO

Khathutshelo Tshikolomo holds a PhD in Agriculture and is Director for Crop Science in the Limpopo Department of Agriculture and Rural Development. He has previously served as Principal at Madzivhandila College of Agriculture where he contributed immensely on development of human capital for the agriculture sector. In the Department, he has initiated and managed numerous strategic projects, and those include the Revitalisation of Smallholder Irrigation Schemes (RESIS), the Revolving Credit Mechanisation Scheme (MERECAS), and the Production Input Support Programme (Letsema).

Dr Tshikolomo was registered by the South African Council for Natural Scientific Professions (SACNASP) as a Professional Scientist in the field of Agriculture. His areas of passion include Crop Sciences, Water Resource Sciences, Human Resource Development, and Rural Community Development. Accordingly, he has immensely contributed to research and innovation in these fields. He is currently leading the initiatives on development of the hemp / cannabis industry in the Limpopo Province and is driven by the potential of this plant in developing the economy. He is also involved in initiatives on exploring the prospects of underutilised indigenous crops for food security, income generation, and socio-economic development.
